1. THE ANNUAL CAMPUS SAFETY AND SECURITY REPORT

National American University (NAU) encourages all students, employees and university community members to be fully aware of the safety and security issues on all of its campuses and to take action to prevent and to report illegal and inappropriate activities. National American University firmly believes that personal safety practices are the foundation of a safe campus community.

Therefore, and pursuant to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, National American University (1) monitors criminal activity, (2) publishes this annual report, and (3) maintains a three-year statistical history on all its campuses and at off-campus property or facilities owned or rented by NAU or recognized university organizations. The university will distribute a copy of and/or provide access to this report pursuant to the Clery Act, including notifying prospective students and prospective employees of its availability and, further, providing a copy of the report upon written request.

National American University has no authority to require any local law enforcement agency in any state in which the university maintains campuses and campus facilities or the judicial court process to take any action in connection with a reported crime. National American University encourages prosecution of all criminal violations through the criminal courts and, if appropriate, the university student conduct process for violations committed on campus by other students.

National American University currently has a number of policies and procedures relating to campus security and safety, and the university expressly reserves the right to modify those policies or procedures or adopt additional policies or procedures at any time without notice. Such changes may appear in successive issues of this annual report. Furthermore, the university maintains policies on alcohol and drugs, sexual harassment and student conduct that describe expectations in student behavior. An employee policy manual outlines the university's requirements for staff in terms of emergencies and interaction with others in accordance with the university's mission and purposes.

Everyone on campus (including students, faculty, staff and visitors) is also encouraged to report immediately any crime or potential criminal activity to the local police department (911 or 9-911) that serves the campus location where the crime occurred. Individuals reporting to NAU who also wish to file a complaint with the local police department will be provided with assistance from NAU personnel upon request. The above-referenced list of university personnel should also be used to report criminal offenses for the purpose of making timely warning reports and the annual statistical disclosure. These personnel will serve as the university's liaison with all appropriate law enforcement agencies on each respective campus.

2. National American University normally requires a written complaint from someone to begin the investigation process. The university also normally needs the assistance of the complainant in the disciplinary process, if applicable, against the accused. The university will make exceptions when necessary, including cases presenting clear danger to the victim and/or the university community.
3. The university will respond to reports of criminal activity by (a) investigating all allegations in conjunction with the local police department, (b) classify all reports in conjunction with the appropriate police agency according to the FBI Uniform Crime Reporting Definitions, and (c) forward the case to the university conduct officer for investigation and appropriate action when alleged perpetrators are identified as students, which investigation may occur independently, before, during or after any campus judicial process.

B. Crime Reporting Procedures

1. All criminal activity occurring on campus should be reported immediately to the appropriate local campus security authority as listed in Paragraph 2.A.1. or the appropriate local police department (911 or 9-911). Campus personnel will assist the complainant in completing criminal reports. These reports will also be forwarded to the appropriate police department. In certain cases, reports will also be shared with university personnel for campus conduct proceedings. The university will assist the appropriate local police department with investigations.
2. If you are a victim of a crime or witness a crime:
 - a. Call the campus security authority for the campus on which the criminal activity occurred or the local police department (dial 911 or 9-911) for any emergency including medical assistance, fires, suspicious people or activities, crime reports, traffic accidents, or other illegal activities;
 - b. Obtain a description of the offender(s), including sex, age, race, hair, clothing and other distinguishable features. Attempt to obtain a description and license number of any vehicle involved. Note the direction taken by offenders or vehicles and report those to campus security or the police; and
 - c. Preserve the crime scene. Do not touch any items involved in the incident. Close off the area of the incident and do not allow anyone in the crime area until the campus security authority and/or local police arrive.
3. The appropriate campus security authority will accept third-party reports in cases of sexual assault in order to protect the victim's identity.
4. All employees, faculty or staff who become aware of an allegation of violation of university policy, student code of conduct, civil or criminal law should report the allegation to their supervisor or senior campus administrator. The following people with "significant responsibility" for student and campus activities must report potential criminal activity of which they are aware: academic deans, directors of admissions, career planning and student services personnel, deans, department chairs, financial aid director, student account director, housing director, international student advisor, provost, human resources director, president, registrar, resident assistant, private security guards, university bookstore supervisor, associate provost, as well as any assistants and associates. These individuals should not attempt to investigate, but should instead report and allow the police to investigate. Licensed and pastoral counselors are exempted from these reporting procedures. The function of these administrators (significant responsibility) is not to determine whether a crime took place. That is the function of the law enforcement professionals working within the criminal justice system.
5. All persons in the NAU community are encouraged to assist anyone in reporting alleged criminal activity by contacting the campus security authority at the campus where the criminal activity occurred and/or the local police department, as well as providing assistance in making the incident report.

6. Failure to report criminal activity to the campus security authority in a timely manner may result in disciplinary action by the university.
7. University employees and students, who are not members of the campus security authority, are encouraged to assist anyone reporting alleged criminal activity in contacting the campus security authority and/or the local police department in order to file a criminal report.
8. Criminal activity may be reported voluntarily and confidentially to the campus security authority.
9. Counselors are required to provide statistical information relating to crimes on campus but may continue to honor the confidentiality of victims.

C. Timely Warning Reports

The university will issue a timely warning to members of the campus community in cases of reported murder (non-negligent), sex offenses, robbery, aggravated assault, burglary, motor vehicle theft and any hate crimes (manifesting evidence of prejudice based on race, religion, sexual orientation or ethnicity) of murder, forcible rape or aggravated assault, in those cases where university personnel determine there is a continuing threat to the university community. In such cases, timely warnings will be published at the applicable campus on bulletin boards in the student lounge as well as other locations on campus.

D. Preparation of Annual Security Report

National American University will issue an annual report of criminal reports made to campus security authorities and law enforcement agencies for property or facilities. The annual report includes reported crimes alleged to have occurred on the campus and facilities owned or rented by NAU and/or recognized student organizations. It includes the following reports of crime: (a) murder (negligent/non-negligent), (b) sex offenses (forcible/non-forcible), (c) robbery, (d) aggravated assault, (e) burglary, (f) motor vehicle theft, (g) murders evidencing hate crime, (h) forcible rape evidencing hate crime, (i) aggravated assault evidencing hate crime, (j) liquor law violations, (k) drug abuse violations, and (l) weapons possession. Information obtained from incident reports from all campuses in the National American University system are forwarded to the system vice president for student services. The results are then tabulated and ultimately entered into the Department of Education's website each September as required by law. The Annual Crime Awareness and Campus Security Report is then compiled from these data and either the report, or notification of the existence of the report, is distributed to campus security officers to make available to university students and employees.

3. SAFETY OF AND ACCESS TO CAMPUS FACILITIES

A. Personal Safety Recommendations:

1. National American University staff are available to assist you in protecting yourself by providing safety and security information, such as posters and brochures. However, only you can protect yourself by being aware of your surroundings and taking appropriate steps in preventing crime from happening.
2. If you reside in the residence hall on the Rapid City campus, protect your room by locking your door (even if you are only going out for a short time or only going a short distance). According to crime studies, it only takes eight seconds to walk into your open room and steal your valuables. Also, always lock your door when you are asleep. You are also encouraged to lock your door when you are awake. Never open exterior doors of the residence hall building for strangers or non-residents. Always escort your guests to and from the building. Do not lend your room keys to anyone, even a classmate or a friend. They may not be careful with your keys and many misplace them, giving the wrong person

access. Do not leave your keys lying around in public places or in your jacket pocket when you are not wearing it. Do not put your name or address on key rings as they may be used to steal your property.

3. Do not prop open locked exterior building doors at any NAU campus facility. These doors are locked for your protection and the protection of others.

B. Protect Your Property

1. Personal property (purses, briefcases, calculators, computers, etc.) should never be left unattended. Take such items with you if you are leaving the office, classroom, residence hall or any other unsecured location.
2. Always lock your car doors.
3. Do not leave valuables in plain view. Always take your valuables with you when you leave the campus premises.
4. If you live in the residence halls at the Rapid City campus, you are encouraged to open a savings or checking account rather than allow large sums of money to accumulate in your room. If you open a checking account, remember the number of the last check written. The theft of a single check can go undetected until a bank statement discloses a forgery.

C. Protect Your Automobile

1. Always lock your car doors and never leave your keys in the vehicle.
2. Try to park your car in a well-lit area.
3. Avoid leaving property where it is visible.
4. If you arrive at or leave the National American University late at night, you should use extra caution when walking to your vehicle. It is preferable to walk to the parking lot with others if at all possible.

2. Refrain from taking shortcuts and walk where there is plenty of light and traffic.
3. Walk with a friend.

E. Protect Yourself Walking And Jogging

2. Walk along well-lit routes.
3. Be alert to your surroundings. If you suspect you are being followed, run in a different direction, go to the other side of the street and yell for help, or head quickly for a lighted area or a group of people.
4. Have your keys ready when returning to your residence hall or apartment and keep your personal valuables concealed and close to your body.

F. Help NAU Protect You

1. Watch for suspicious persons in and around university buildings and in parking lots. Do not pursue them. Call the campus security authority immediately. If you reside in the residence hall facility on the Rapid City campus, call the police if you should enter your room and find a stranger, regardless of the "cover story" supplied.
2. If you see any suspicious activity or people on or near campus, call the campus security authority on your campus or the local police department (911 or 9-911). If dialing from a campus phone you must dial 9-911. Do not assume that what you observe is an innocent activity or that it has already been reported.
3. Do not assume the person is a visitor or university staff member who you have not seen before.

4. Suspicious people may be loitering about at unusual hours and locations, running, especially if something of value is being carried. Exhibiting unusual mental or physical symptoms, persons could be under the influence of drugs or otherwise needing medical or psychiatric assistance. Carrying property that may be suspicious depending on the circumstances, going room to room trying door handles. Door-to-door soliciting is not permitted at any university facility. Violations of this rule should be reported to the campus security authority or the local police immediately.
5. Report all thefts and property loss immediately to the campus security authority or the local police.
6. Be security conscious at all times.

G. Security Considerations Of Campus Facilities

1. All National American University campus facilities are for the use of the students, faculty, staff and their guests and those on official business with National American University. All others are subject to being charged with trespassing.

4. NAU'S RELATIONSHIP WITH LOCAL LAW ENFORCEMENT

- A. Campus security authorities (as identified in Paragraph 2.A.1. above) are employees of National American University. They are not certified or sworn peace officers. However, the campus security authorities are authorized, when appropriate, to make a citizen's arrest. Typically, such arrests would be made only in the presence of licensed police officers.
- B. National American University is committed to working closely with local police departments, sheriff's departments and state and federal law enforcement agencies to track and respond to campus criminal activity.
- C. Students and employees are strongly encouraged to report all crimes immediately. All criminal activity on the NAU campus should be reported to the campus security authority on the campus where the activity took place (see Paragraph 2.A.1.) and/or the appropriate local police department (911 or 9-911).
- D. National American University personnel will assist the complainant in completing any criminal reports.
- E. National American University will accept third party reports in most cases (e.g., sex offenses). However, the university prefers to receive reports from the victim as the detail is often more accurate when received directly from the victim.
- F. Victims and witnesses to crimes should attempt to maintain all physical evidence. Do not wash or destroy what may be critical evidence.

- G. Victims and witnesses should report as much detail as possible to ensure accurate reporting. If you are a victim of a crime, your immediate recall of the event is often the best. Write down as much information as you can remember after a crime. If you cannot identify the perpetrator by name, try to recall as many details as possible, including gender; approximate age; height; weight/build; description of face including eye color, hair color; hair styles (short, curly, etc.); dress/clothing; facial hair; glasses; distinguishing marks including scars; distinguishing gait; and voice.
- H. National American University encourages pastoral counselors and professional counselors, if deemed appropriate, to inform persons they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics. In the event a person wishes to make such a report, the campus security authority (identified in Paragraph 2.A.1.) for the campus on which the crime took place will take that report and such information obtained will be kept strictly confidential.

5. CRIME SAFETY AND CRIME PREVENTION PROGRAMMING

National American University provides certain crime safety and crime prevention programs and services including crime prevention brochures, student handbook, sexual assault awareness information, etc. For more information concerning crime safety and crime prevention programs/services visit the local campus security authority.

Such requests will be granted if reasonably available and if a complaint has been filed with National American University and/or the appropriate local police department. If desired, NAU personnel will assist individuals in making a report to the local police department.

In cases where the alleged perpetrator and the complainant live in the same residence hall at the Rapid City campus, the complainant may request the associate dean of student services to change, temporarily or permanently, his or her housing assignment. Such a request will be granted if reasonably available and if a complaint has been filed with National American University and/or the Rapid City Police Department (605-394-4134).

student services' offices and learning resources centers have posted the 1-800 numbers in each state where NAU has a campus. Selected states also have web site information available. Students and employees may access those telephone numbers or websites to check on any person, student or employee they feel is a possible registered sex offender.

National American University also provides outreach counseling information to aid students in coping with a variety of issues, including sexual assault awareness, personal safety, alcohol and drug abuse.

6. CAMPUS CRIME TIMELY WARNING

7. MONITORING AND RECORDING ACTIVITY AT OFF-CAMPUS LOCATIONS

- A. Any National American University recognized organization that exists off campus at any university location will still be observed by the local police department. The mere fact that such a facility or organization is located off-campus does not mean activities at that location are not observed. Activities monitored by local police departments share information with the local National American University campus security authority.
- B. National American University includes any off-campus student organizations' crime statistics in its annual reports as part of the crime statistics at National American University.

8. POLICY REGARDING THE ILLEGALITY OF ALCOHOLIC BEVERAGES ON NAU CAMPUSES AND ENFORCEMENT OF UNDERAGE DRINKING

The drug and alcohol-abuse education programs at the university are consistent with the requirements under Section 120(a)-(d) of the HEA.

All campuses provide information and prevention programs for those seeking help with substance abuse. The university has established policies and procedures related to harassment, sexual harassment and violent behavior of students and employees. These policies are documented in the NAU Employee Handbook, the NAU Student Handbook and the NAU Residence Life Handbook. In addition, the *Strategies for Success* class provides a means by which alcohol and drug abuse is taught or discussed.

11. REPORTING OF SEXUAL OFFENSES AND HARASSMENT

A. Policy

National American University is committed to a policy of nondiscrimination in employment and education opportunity. No person shall be discriminated against in the terms and conditions of employment, personnel practices, or access to and participation in education programs, services, and activities with regard to race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, or sexual orientation or membership or activity in a local commission as defined by state and federal law, as applicable.

Harassment of an individual or group on the basis of race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, or sexual orientation, or membership or activity in a local commission has no place in a learning or work environment and is prohibited. Sexual violence has no place in a learning or work environment. Further, National American University shall work to eliminate violence in all forms. Physical contact by university staff members may be appropriate if necessary to avoid physical harm to persons or property.

This policy is directed at verbal and physical conduct that constitutes discrimination/harassment under applicable state and federal law and is not directed at the content of speech. In cases in which verbal statements and other forms of expression are involved, National American University will give due consideration to an individual's constitutionally protected right to free speech and academic freedom.

In support of the university policy, National American University reaffirms its policy that sexual harassment, including violence, abuse and harassment will not be tolerated. Every effort will be made to ensure that all members of the university community are provided an atmosphere free from sexual harassment. To prevent sexual offenses and harassment, educational efforts will be undertaken to inform employees and students of their responsibilities regarding such behavior, how to identify and eliminate sexual harassment, and what steps can be taken if instances of sexual harassment are experienced.

National American University conducts a number of programs aimed at preventing sexual offenses and making the campus community aware of the potential of such crimes. These programs include conducting

security checks of campus doors, inspecting all campuses for potentially dangerous areas and implementing programs to inspect campus lighting and shrubbery around campus facilities. In addition educational programs concerning sexual assault awareness are provided by National American University upon request. The *Strategies for Success* class provides a means by which issues involving sexually transmitted disease and sex offenses can be addressed. The course also includes relevant information about rape, acquaintance rape, forcible and non-forcible offenses, legalities, options, evidence, counseling, etc.

B. Procedure

Contact the local campus security authority (as identified in Paragraph 2.1.A.) and/or the local police department (911 or 9-911) as soon as possible after the offense. Please remember it is most important to preserve evidence. Do not bathe, douche, use the toilet or change clothing. Note everything about the location. If you have been sexually assaulted, you should seek medical attention immediately regardless of whether you want to report the matter to the police or National American University.

Every attempt is made to maintain the anonymity of the sexual assault survivor. The local campus security authority will provide information regarding counseling to support sexual assault survivors. Each report of a sexual assault will be investigated in order to provide better protection to the survivor and all members of the campus community. Sexual assault survivors should be aware of the need of the university to release information regarding the fact that an assault has occurred for the protection and safety of others. Information concerning the identity, address and other personal information of the sexual assault survivor will not be release.

The local campus security authority's office will be the office of official record for reports of sexual assaults, as it is in all reported violations. Student, faculty and staff are encouraged to contact the local campus security authority to report any information regarding a sexual assault. Sexual assault survivors have the right to have reports made to the appropriate local police department. The campus security authority will assist the survivor in making this report if the survivor so wishes. In these situations, the name of the complainant will not be forwarded unless approved by the survivor. Third party and anonymous reports may prevent National American University and law enforcement from actively investigating the criminal activity.

Counseling and medical services are available off campus at each campus location. If you are the victim of a sexual assault, National American University encourages you to contact one or more of the following: the appropriate local police department, the local National American University campus security authority, local crisis counseling centers, local health services clinics, women's resource centers or the local hospital.

If the local campus security authority (or his/her designee) determines that a threat continues to exist for the campus community where the criminal activity occurred, information about the reported sexual assault will be reported to the campus community whether reported by a sexual survivor or through a third party report. As much detail as possible regarding location, date and time of the assault, and any information that might help identify the assailant will be reported. The local campus security authority (or his/her designee) will inform the campus community of the reported sexual assault by posters, appropriate notices, campus newspaper, radio stations, local media, electronic mail and/or other means.

Each report will be taken as presented by the complainant. Appropriate criminal classifications will be determined after a review of all facts by local law enforcement authorities. National American University

will take appropriate action to safeguard the alleged survivor and, at the same time, protect the rights of the alleged perpetrator. If the survivor of a sexual assault requests, the university will attempt to provide, if reasonably available, alternative housing for on-campus residents as well as a change in classes.

National American University will normally not take any disciplinary action against any member of the campus community without a written complaint and the assistance of the complainant in the disciplinary process, unless the university determines there is a clear danger to the victim or the local campus community.

C. Procedures for Campus Disciplinary Action for Sex Offenses:

1. The National American University disciplinary process is an option for any person wishing to report a case of student misconduct. In order for National American University to proceed (whether by a victim or a third party), a report must be filed with the university. If the complaint is criminal in nature, it will also be forwarded to the local campus security authority and/or the local police department.
2. There are different standards of proof in the university conduct proceedings than in possible criminal action. The university conduct proceedings determine whether the accused's status as a student will be altered, whereas the criminal process determines if there will be limitations on the accused's liberty.
3. Both the accuser and the accused are entitled to have others present (an advocate or an advisory) during the disciplinary proceeding. This person may not speak in your place or ask questions of witnesses.
4. Both the accuser and the accused have the right to call a reasonable number of witnesses and shall have the right to question witnesses during the hearing.
5. Both the accuser and the accused have the right to request, in advance, the names of witnesses and shall have the right to question witnesses during the hearing.
6. Students found guilty of violations of serious cases, such as rape or other forcible or non-forcible sex offense, are subject to suspension, expulsion, and eviction from student housing (Rapid City campus only) in addition to other possible university sanctions. (See the NAU Student Handbook for a complete description of sanctions.)
7. Both the accuser and the accused will be informed of the outcomes of any campus disciplinary proceeding concerning the complaint of a sexual offense according to applicable state law. This information should not be disclosed to the public generally.
8. In cases where the alleged perpetrator is a student and taking the same classes as the complainant, the complainant may request the National American University registrar to change class schedules. Such requests will be granted if reasonably available and if a complaint has been filed with National American University and/or the appropriate local police department. If desired, NAU personnel will assist individuals in making a report to the local police department.

D. Registered Sex Offender Notification:

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires higher education institutions to provide a list of law enforcement agency information provided by the state concerning registered sex offenders. It also requires sex offenders already required to register in a state to provide notice, as required under state law, of each higher education institution in that state at which the person is employed, carries on a vocation or is a student.
