National American University, Lewisville Campus, has openings for a tutor in general education courses and general student coursework assistance.

Interested individuals in the above opening should be current college students, or hold a college degree.

Those interested in an Anatomy and Physiology position must have graduate degree in anatomy and physiology or a minimum of 18 graduate credit hours in anatomy and physiology and three or more years of professional experience. Teaching experience with non-traditional students preferred.

To apply, submit an employment application, resume and letter of interest to:

Dean of Academics,
475 Highway 121
Lewisville, TX 75067
or email to jdwilson@national.edu
